ACKMA – WESTERN AUSTRALIA 2009 “The Winds of Change”

Lake Cave

Calgardup Cave

Ngilgi Cave

Hello from Western Australia,

The ACKMA 2009 Organizing Committee has begun the preparations for the **EIGHTEENTH AUSTRALASIAN CONFERENCE ON CAVE AND KARST MANAGEMENT** based at Margaret River. We would like to invite everyone to join us from the

3rd May to 9th May 2009

for the 2009 ACKMA Conference. Please start planning your time so that you can attend – whether it is for holidays or for professional attendance. Maybe you have a paper you would like to start working on for presentation at the conference? Maybe you would like to extend your visit to experience other areas in Western Australia? – pre and post conference trips to other karst areas are being developed. It is our understanding that the 2009 ACKMA Conference will follow on from the annual local Margaret River Wine Festival. So, if you enjoy wine you may like to arrive earlier and take in some of the local grape juice and produce. We look forward to seeing you!

FULL DETAILS WILL BE POSTED MID 2008

Anne Wood, Conference Convenor
